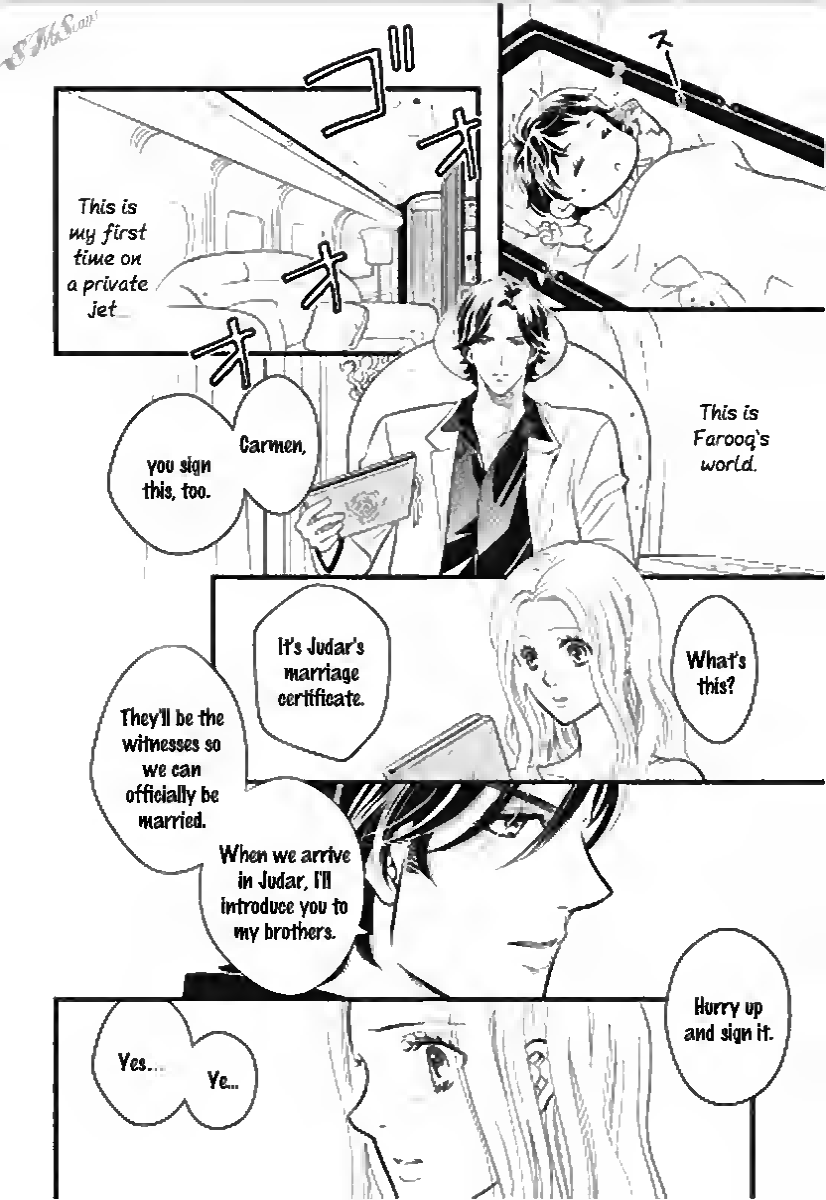
Now, repeat any words I say, Carmen.
Ha
For our daughter's sake.
"I will marry you."
"I will devote myself to you."
my heart is in so much pain
But I wonder why
...I understand.



This is my first time on a private jet...
This is Farooq's world.
Carmen, you sign this, too.
What's this?
It's Judar's marriage certificate.
They'll be the witnesses so we can officially be married.
When we arrive in Judar, I'll introduce you to my brothers.
Hurry up and sign it.
Yes...
Ye...

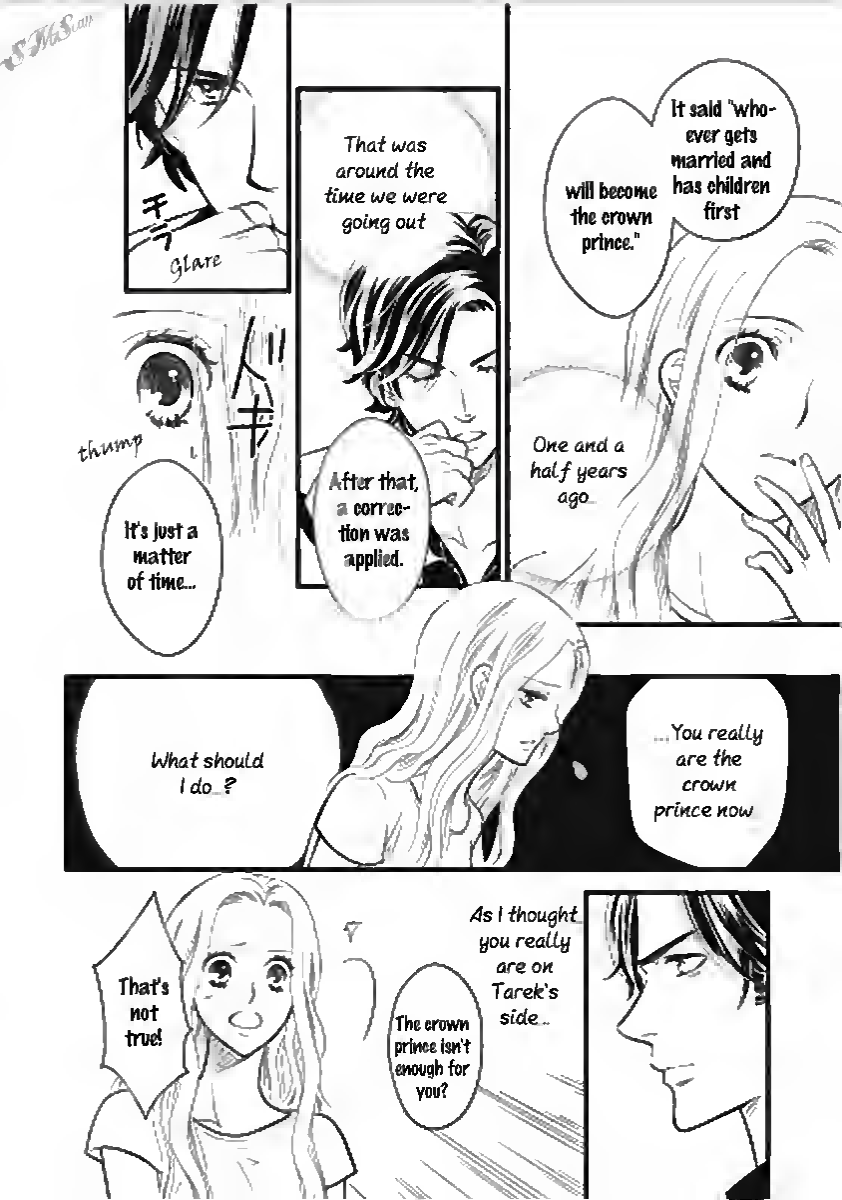
Looking at her, it doesn't seem possible.
Is this really the right choice?
...No. That's just what I want to think.
Was she really Tarek's spy?
You were that special of a person to me
Carmen...

Carmen is the spy that I hired.
and my cousin Tarek confessed.
But that was only until you said to break up.
What?!
It was my plan for you to make her pregnant and make a scandal
in order to destroy you.
She said you were okay sometimes
Little brat...
You're going too far...
clench
You want to hear what she says about you in bed?
I'll tell you if you give me the throne of the crown prince.

I'm sick of being haunted by her shadow
I'll go see her and get some closure!
Aren't you glad, Farooq?
And I finally found her.
Her and my daughter.
Ugh
I will take Mena and raise her
I won't forgive her for raising my daughter with the dirty money from Tarek.

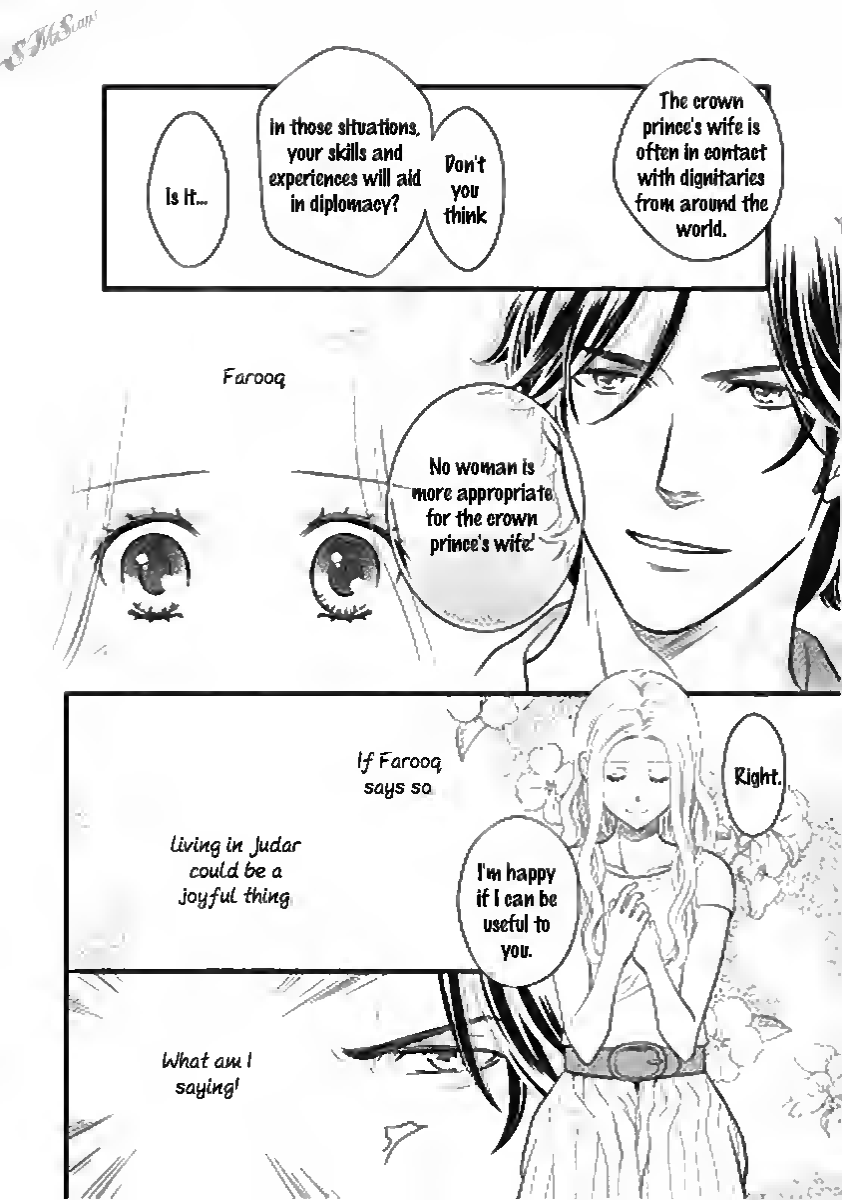
Farooq?
I went to Carmen's place with that thought
What's wrong?
Are you not feeling well?
No... it's nothing.
I see.

What?
They called Farooq "crown prince"?
I understand.
the captain said we will arrive in Judar soon.
Crown Prince,
...When did you become the crown prince?
1 and a half years ago, he was second in line to be the crown prince
I thought your cousin, Tarek,
who was older than you,
was the Crown Prince?
My uncle,
the king of Judar issued a declaration one and a half years ago.



Glare
That was around the time we were going out
It said "whoever gets married and has children first will become the crown prince."
One and a half years ago
thump
After that, a correction was applied.
It's just a matter of time...
What should I do...?
...You really are the crown prince now
That's not true!
The crown prince isn't enough for you?
As I thought you really are on Tarek's side..

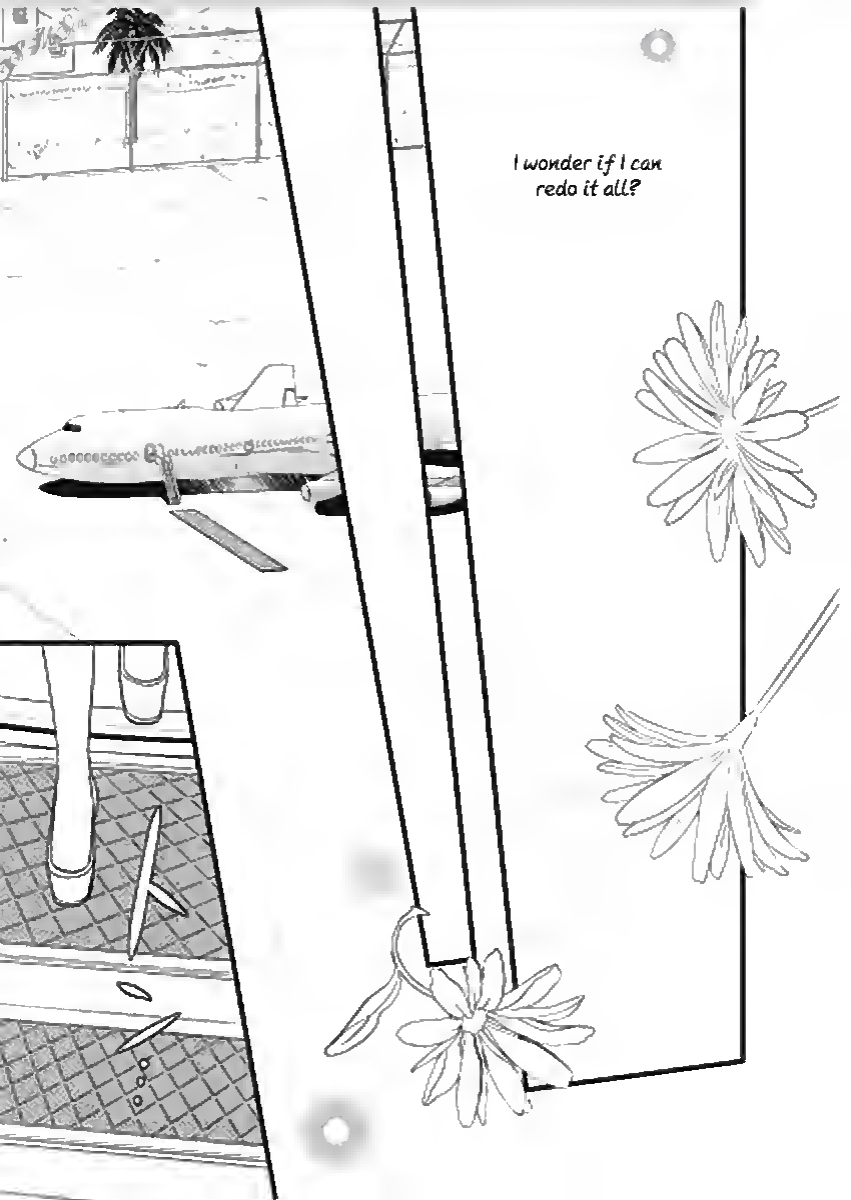
Just.. sooner or later, you will become king...
I'm not fit to be a queen.
Along with English and Arabian,
you've mastered 6 languages.
You also have an experience as an interpreter and in managing international events.
For me who's not qualified to be your wife
Ri...
Right...
What does that have to do with..?



Is it...
in those situations, your skills and experiences will aid in diplomacy?
Don't you think
The crown prince's wife is often in contact with dignitaries from around the world.
Farooq
No woman is more appropriate for the crown prince's wife!
If Farooq says so
living in Judar could be a joyful thing
Right.
I'm happy if I can be useful to you.
What am I saying!

It's those lips' fault!
Why would I say things to give her courage?
Carmen,

Ah.
If someday I can rebuild Farooq's trust,
our marriage may stop being a lie

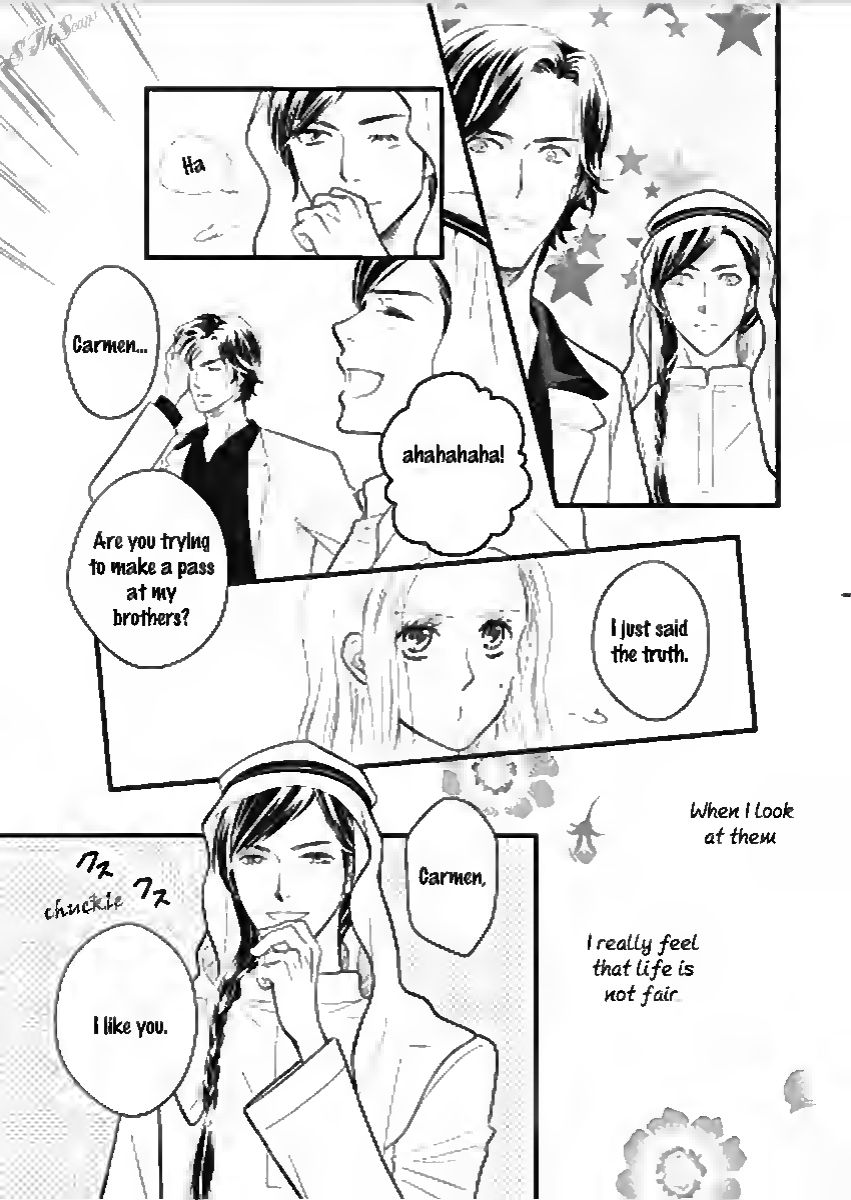


I wonder if I can redo it all?

So. this is Judar
It's so vast
It's like we're the only people on earth.

You're late, big brother.
"big brother"?
You're here already.
Sehaff.
Kamal.

Even though their faces aren't very alike
they're definitely brothers
They change the atmosphere just by standing there
gulp
I wonder if all Aal Masood men are like this
I was wondering if all Aal Masood men
are like superheros...
You look like you want to say something.



Ha
Carmen...
ahahahaha!
Are you trying to make a pass at my brothers?
I just said the truth.
When I look at them
I really feel that life is not fair
Carmen,
I like you.
chuckle

I'm Shehab, the middle brother.
Welcome to Judar, Carmen.
I'm glad He seems nice
Ah
and that person is our cute little brother,
Kamal.

Why is he glaring at me like that?

Be brave Carmen

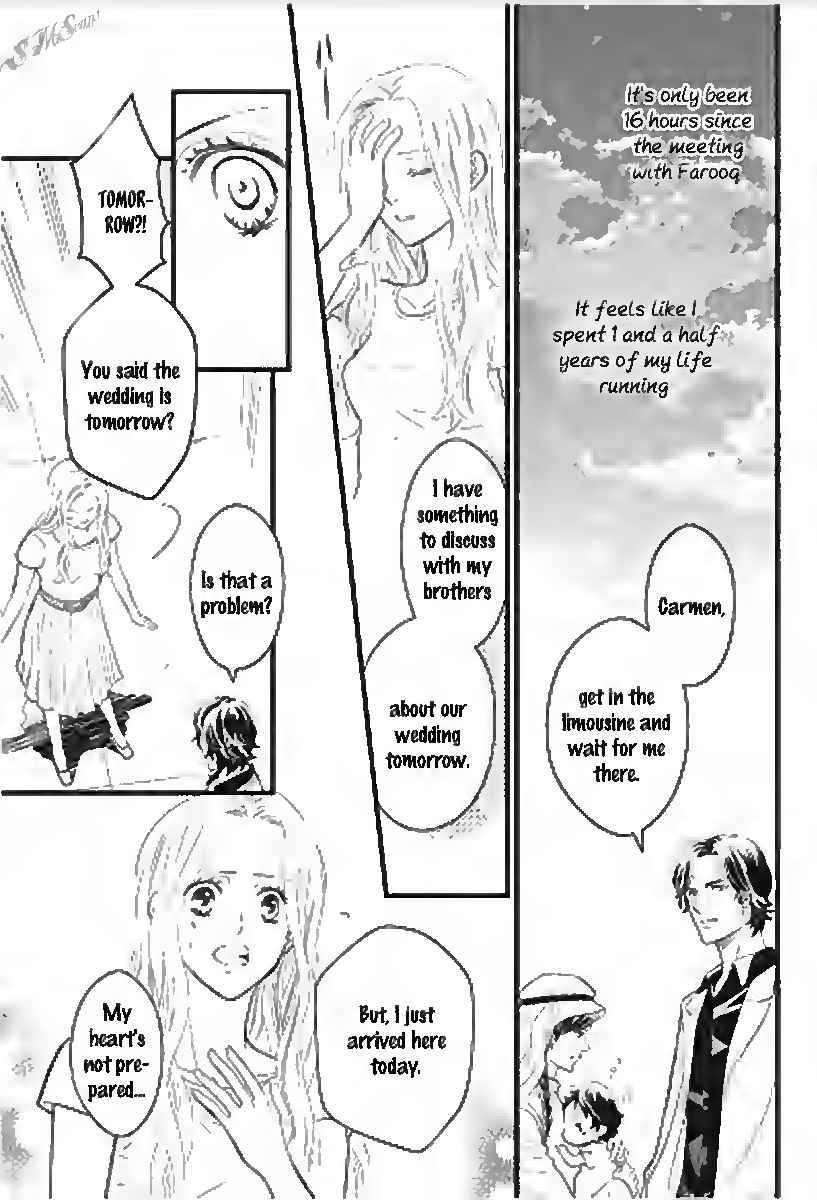
I'm tired
ha...



It's only been 16 hours since the meeting with Farooq
It feels like I spent 1 and a half years of my life running
Carmen,
get in the limousine and wait for me there.
I have something to discuss with my brothers about our wedding tomorrow.
But, I just arrived here today.
My heart's not prepared...
TOMORROW?!
You said the wedding is tomorrow?
Is that a problem?

I have no right to say anything about this wedding?
No way..
Are you that mad at me..?
If you needed time to prepare your heart,
you've already had a year and a half to do it.
Farooq..
What should I do to get your forgiveness?
What do you want as a maful?

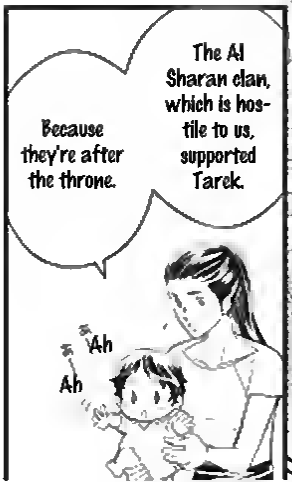
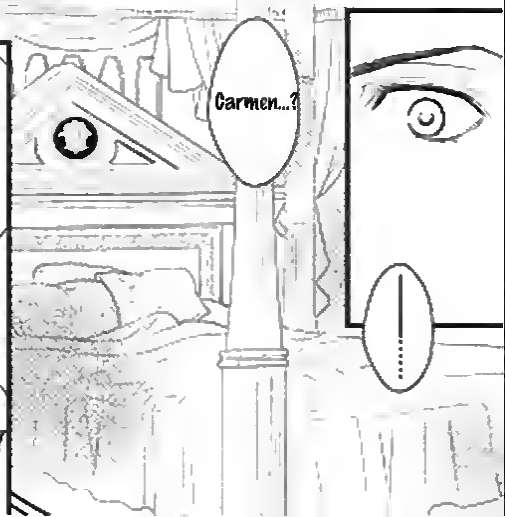
Carmen, how about a bath?
Before the declaration issued, Prince Tarek said,
"I dont need a wife in my life"

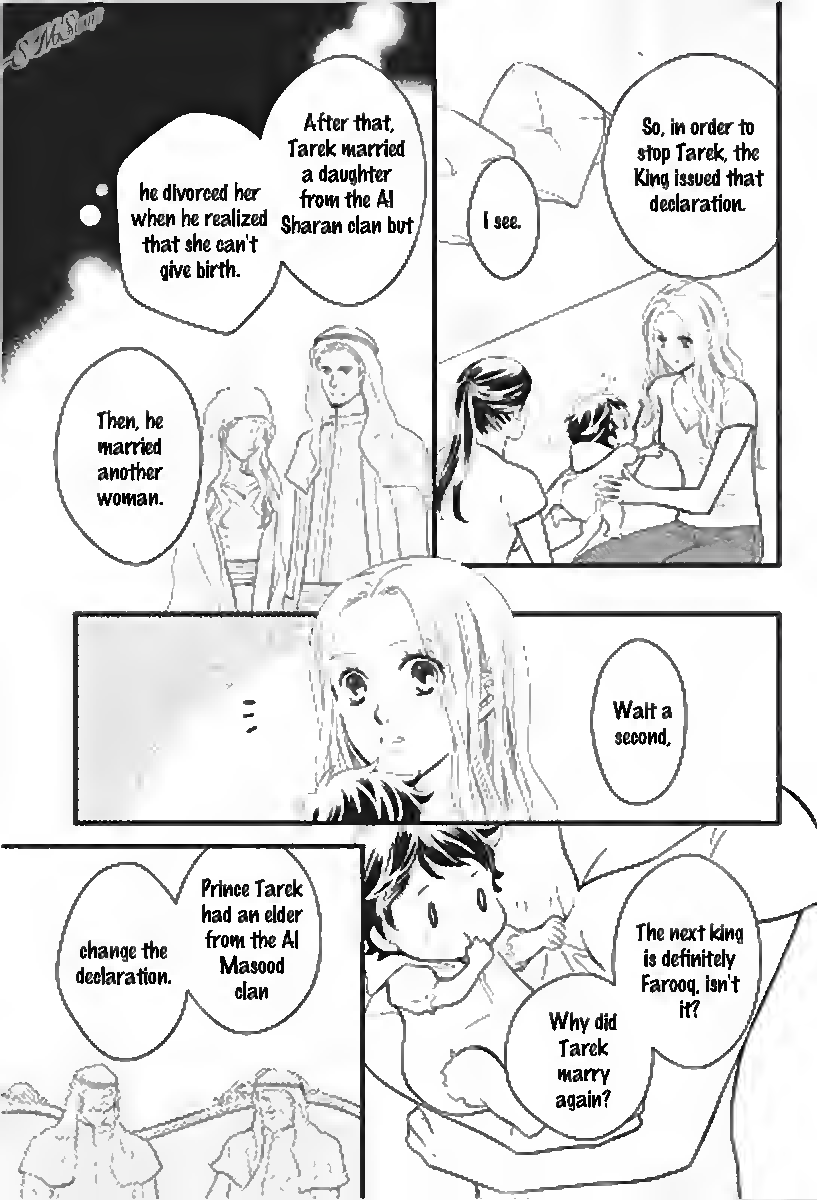
Even though the Al Masood clan would start a civil war!



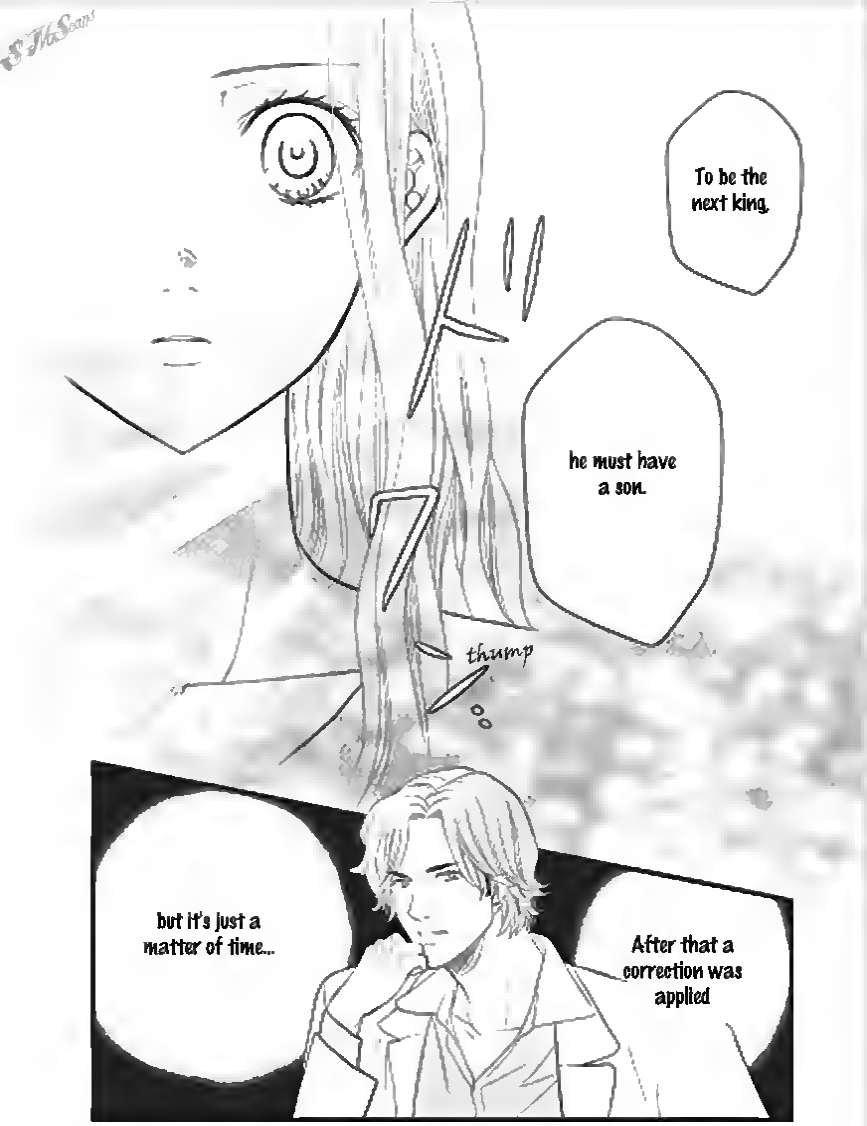
The Al Sharan clan, which is hostile to us, supported Tarek.
Because they're after the throne.
Ah
Ah



Carmen...?



So, in order to stop Tarek, the King issued that declaration.
I see.
After that, Tarek married a daughter from the Al Sharan clan but
he divorced her when he realized that she can't give birth.
Then, he married another woman.
Wait a second,
The next king is definitely Farooq, isn't it?
Why did Tarek marry again?
Prince Tarek had an elder from the Al Masood clan
change the declaration.



To be the next king,
he must have a son.
